Bonnie Branch Middle School

MAP Testing, Oct 10, 11, 12...

Dear Parents/Guardians,

As you may know from our website, all HCPSS middle schools will administer the Measures of Academic Progress (MAP®) assessment to provide information on student instructional skill levels and growth over time.

MAP assessments let teachers know where a student's strengths are and if help is needed in specific instructional areas. Teachers use this information, along with the results of classroom assessments, and their own observation of student performance, to help guide classroom instruction.

In order to gauge progress, MAP will be administered at BBMS to all students through math and English classes in the Fall and then again in the Winter. After each test administration, you will receive information about your child's score. If you have any additional questions please see the website at: <http://www.hcpss.org/academics/mapinfo.shtml>

Fall administration schedule:

Reading MAP: October 10-12

Math MAP: October 17-19

We ask that you try not to schedule appointments during these days to avoid your student having to take a makeup assessment during regular classes. Also, please help your student get a good night's rest, eat breakfast, and prepare them to do their best on each testing day.

We look forward to sharing their results with you!

Sincerely,

Drew Cockley

Principal
