

Upcoming Events at BBMS

Dear BBMS Families,

We hope that your Thanksgiving holiday was a wonderful time for you and your families and that you have some great memories as a result. We hope that students were able to get some extra sleep and get fully "recharged" and healthy for the month ahead.

We look forward to sharing the results of our Student Council election with you soon and know that our student leaders are up for the challenge of leading BBMS. We have great students at BBMS and we are thankful to be in such a supportive community where education is valued.

Below are some calendar items that you will want to keep track of as we head into December. Now is the time for students to reflect on their first marking period and set meaningful goals based on those results. We strive for all students to show growth as they prepare for high school; whether that will come next year or in three years. BBMS wants all students to reach their full potential!

Go Sharks!

Drew Cockley

Principal
