# MAP Testing & Support Programs

---

**September 23, 2020**

**There are two important topics in this email:**

1. MAP Testing, October 7 and 14
2. Face-to-Face Support Programs
3. Science Event - September 26

*Dear BBMS Families,*

### **MAP TESTING:**

- Students will be assessed in Reading (October 7) and Math (October 14) using the MAP Test. Instructions will be provided by PERIOD 3 TEACHERS next week to ensure all students can access MAP testing materials. Students will test with their period 3 teacher on October 7 and 14 - even though it is a Wednesday and students don't normally have class. Students can choose to take the test in the morning (9-11:00am) or in the afternoon (1-3:00pm). We are offering two times to help families juggle schedules those days.
- **Wednesday, October 7: Reading Test. Students will choose the 9am or 1pm time slot.** Students login with their regular period 3 teacher using the Google Meet code they use every other day. Teachers will give students instructions from there.
- **Wednesday, October 14: Math Test. Again, students will choose the 9am or 1pm time slot.** Students login with their regular period 3

teacher using the Google Meet code they use every other day. Teachers will give students instructions from there.

### Face-to-Face Supports to Small Groups of Students

- In the coming weeks, HCPSS will begin providing face-to-face support to small groups of students. Identified students and staff have been invited to complete an interest survey. If you did not receive a survey, it is because your child has not yet been identified for in-person support.
- All students who receive special education services will receive an email with directions to complete a survey. If your child receives special education services, and you have not received an email by Friday, September 25, then please reach out to Ann Scholz ([ann\\_scholz@hcpss.org](mailto:ann_scholz@hcpss.org)) from the Office of Special Education Compliance, Non-Public Services, and Family Support. More information about the HCPSS In-Person Support initiative can be found here: <https://www.hcpss.org/2020-2021/small-groups/> .

### Greetings ALL Science Lovers!

Join the Robinson Nature Center and Howard Astronomical League for a virtual event on International Observe the Moon Night, this Saturday, September 26, from 7:30 - 8:30 pm. See the moon through different telescopes across Howard County, enjoy video clips from Robinson's planetarium, and hear from local astronomy experts. Fun for all ages and FREE! Please see this Flyer for more information:
