# Program Goals

- To strengthen reading skills and concepts
  - To strengthen mathematics skills and concepts
  - Develop self-awareness and self-management skills to achieve school and life success.
  - Use social-awareness and interpersonal skills to establish and maintain positive relationships.
  - Demonstrate decision-making skills and responsible behaviors in personal, school, and community contexts.
- 
- 
- 

# Social Emotional Learning (SEL)

SEL lessons and activities are being created using Caring School Community, Learning For Justice, Overcoming Obstacles, Move This World, CASEL, and other supplemental resources.

- 10-15 minutes of SEL time for each day of summer school
- Lessons will be organized into primary, intermediate, and middle school grade spans
- Each grade span will have a daily lesson and accompanying Google slides that include a greeting and morning meeting activity

# Language Arts Instruction

## Updated Instructional Model:

**Literature Circles** - small, peer-led discussion groups centered on a student-selected novel.

**Writing** - Daily writing prompts as well as a weekly focus on explanatory writing

### Instructional Focus:

- Reading stamina
- MCCR reading, writing, speaking and listening standards
- Close reading experiences
- Independent reading and writing experiences
- Current, diverse, highly engaging text

# Math Instruction - MS

Addresses three primary goals:

- to build upon *prerequisite skills and understandings necessary for success* in the subsequent mathematics course in sequence;
- to address *essential content standards* that build toward grade-level standards; and
- to develop *positive mathematical identity* and *agency* through student behaviors outlined in the Standards for Mathematical Practices and growth mindset activities.

# Math Instruction - MS

- Rising 6th- will focus on the overarching themes of Operations with Fractions and extending the Real Number System to Rational Numbers
  - Rising 7th- will focus on the overarching themes of Ratios and Proportional Relationships and Rational Numbers
  - Rising 8th- will focus on the overarching themes of Ratios and Proportional Relationships and Expressions and Equations

# Health and Safety Guidelines

The health and safety of our students and staff continues to be a top priority in our school system. All HCPSS Summer Programs will implement current health and safety measures to promote the wellbeing of all students, staff, and schools. For more information and current guidance, please visit the HCPSS website: <https://www.hcpss.org/2022-2023/health-and-safety/>

# Student Technology.

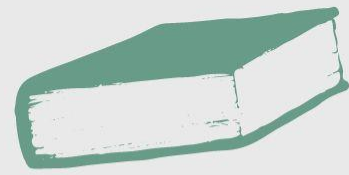

Students should bring their HCPSS issued chromebooks to summer school everyday in order to access essential digital tools to support their learning in English Language Arts and Mathematics. Be sure to charge devices every night.

# Parent Communication
